Did we get an invite for the Durbin call?

I will be. I also just reserved another car for Friday 8/25 (instead of Thursday) – a minivan from the federal garage, so bring all your drinks, we'll have cup holders! Patrick, George and I are heading down there this morning. We are meeting the City of Chicago inspector at 9am – should be back before 3pm. I'll be in tomorrow, we have the call with Senator Durbin, but we can finalize the briefing paper then.

I still have my car reserved for 8/24, if Ed wants to do a run through the day before. There are no cars available Monday-Wednesday next week – I could reach out to Stanley to see if there are any off the books ones available for earlier in the week – up to you.

Will you be in Friday the 25th? Is that the day for which you got the car?

Sara,

Please see the request below for organizing a tour for SE Chicago for Patrick Traylor's visit next week. Can you please work with Molly (and potentially with Katie's folks) to arrange for a nice tour of the air sites in SE Chicago. We might even want to do a run through before then. Draft materials are due upstairs on Friday, so please work with Eileen and Rhiannon in my absence. I will try to be back for his visit on Thursday and for the tour on Friday. So much for my vacation!

I had heard on Monday that Bob wanted to do a tour of SE Chicago, but it wasn't clear to me (until now) that he wanted this to be an air tour. We can observe SH Bell from beyond the fenceline right?

Thanks,

-Ed

Subject: Patrick Traylor Site Tour

Good afternoon

I am trying to nail down the site tour details for Patrick Traylor's visit next Friday. As Bob mentioned in Sr. Staff, the tour will focus on SE Chicago - SH Bell and Petcoke. The draft agenda has the tour going from 7:45 – 11 am. Patrick flies out around 1pm, so he will need to be back at the office no later than 11.

Bob asked that a Sr. manager from ARD accompany him on the tour as well as a technical staff person, who can double as driver.

Two asks for COB Friday:

- 1) Please develop a tour timeline.
- 2) Identify a staff person.

Lastly, at this point in time SFD is not involved in this, but that may change once we get a better sense of the timeline and Bob's vision for the tour.

Let me know if you have any questions.

Thanks,

Rhiannon Dee
